REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The total combination of the independent claims is not taught and/or rendered obvious by the prior art of record when considering the segmenting step or function. The closest prior art of Morris et al. (EP 0 348 651 or EP 0 348 662) teaches conversion of data from high to low resolution and vice versa, but uses a different conversion technique than recited in the instant claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Charles H Nolan, Jr. whose telephone number is 571-272-2171. The examiner can normally be reached on Monday through Thursday 8:00 AM to 6:30 PM.
